# What's NEW!

August 2008

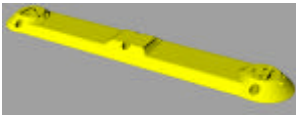

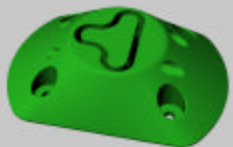

Purpose	Product	Description	Picture	Part #'s	MSRP
<b>ACCUTEST - www.accutest.net</b>					
<b>Accurate Drug Identification</b>	<b>Identa</b>	Professional Drug Identification Kit. Self contained, accurate, easy to use. No plastic bags, no loose ampoules, no measuring or mixing. Results in Seconds. Detects trace amounts. Test for: Cocaine/Crack, Heroin, Marijuana/Hashish, Ecstasy/MDMA/ Amphetamine/Methamphetamine/ LSD.		Various part numbers	\$3.50
<b>APACHE - www.apachemills.com</b>					
<b>Commercial Matting</b>	<b>Anti-Fatigue Mats and Industrial Mats</b>	Helps reduce fatigue for workers required to stand and move while performing their daily responsibilities. Apache provides resolution to other work environment needs such as traction, wear resistance, fluid and chemical protection, durability, shock-absorption, ESD/Conductive and floor coverings.			
<b>CAPITAL SAFETY - www.capitalsafety.com</b>					
<b>Updates and Promotions</b>	<b>SRL Trade In Program - Valid May 19 - August 29, 2008</b>	Upgrade to the Most Innovate SRL offered on the Market. Any competitive SRL Qualifies. Traded in SRL must be in complete condition. Trade-in Based on a one-for-one basis. Program applies only to SRLs. Credit is applied to distributor account after new order for SRL is placed and trade in units confirmed.			
	<b>Utility Industry Summer Promotion July 1- September 30, 2008</b>	Additional Savings on specific Advanced Products, Exofit Harnesses, Delta Kevlar Harnesses, Arc Flash Harnesses, Lad Safe Sleeve, Boom Belt, EZ Line HLL System, Single and Twin Leg Tie Back Talons, Shockwave 2 Arc Flash Kevlar lanyards, Shockwave 2 Tie-back Lanyards, EZ Stop Retrax Lanyards.			

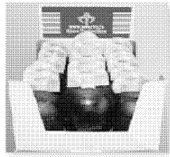

Purpose	Product	Description	Picture	Part #'s	MSRP
<b>Passive Fall Arrest and Debris Retention</b>	<b>Pour in Place Netting</b>	Provides passive fall arrest and debris retention for personnel performing work around hazardous floor openings. Innovative netting design eliminates the false sense of security associated with improperly fastened or secured planking or plywood solutions. Sized on site and easily attaches to reinforced steel using cable ties or tie wire prior to pouring the floor.		4102001	
<b>Multi Purpose Netting Solution</b>	<b>Floor to Ceiling Vertical Net</b>	The Floor-To-Ceiling Netting is a multipurpose netting solution that is primarily designed to serve as a debris containment system but also doubles as a guard rail for worker protection, and provides wind abatement on working floors.		4102000	
<b>Reusable concrete anchor that can lower operating costs and increase productivity</b>	<b>Reusable Concrete Anchor</b>	Designed to be inserted into a pre-drilled hole in concrete. Once inserted, a set of chocks engage against the inside wall of the hole by binding against a central wedge feature. This interference is designed to provide a 5,000 lb. rated anchor point. Simple to remove and reinstall in a new location for added jobsite flexibility.		#2100085	
<b>Flying Form Netting System Provides Fast, Easy, and Safe Fall Protection While Placing Form Decking!</b>	<b>Flying Form Netting System</b>	Provides passive fall protection with little or no training, ensuring improved worker safety. Easily attaches to form trusses with included snaphooks every 2 ft, making installation quick & easy. One time installation, moves with form work reducing set uptime and promotes jobsite efficiency		4102003: Flying Form Netting System (specify size)	
<b>A Better and Improved Design Sealed Blok SRL</b>	<b>30 ft Sealed Blok (non-retrieval version) SRL</b>	Sealed Blok design keeps the critical working components (brake, power spring, energy absorber) free of dirt, grease, water and chemicals.		3400800 (galvanized wire rope)	
<b>Durable, Lightweight Stackable Self Retracting Lifelines</b>	<b>Sala-Lock Stackable SRL</b>	Reduces bulk and simplifies organization and storage of fall arrestors. Has Thermoplastic Housing Construction and is lightweight, yet very durable, heavy duty and corrosion proof. Has Anti-Ratchet Brake which locks when it should.		#3507001 (30ft of 3/16 gal. steel), #3507002 30 ft of 3/16" stainless steel cable	
<b>100% Protection and Tie-Back Ability in one SRL</b>	<b>100% Tie-Off Talon SRL</b>	100% tie-off capabilities. Includes a compact, durable, nylon housing with two independent 6 ft. web lifelines. Built in quick connect handle for attachment directly to full body harness. Inertia activated for quick response time and reduced arresting forces. Compact, lightweight design. Also available in single leg versions.		Part #310200	

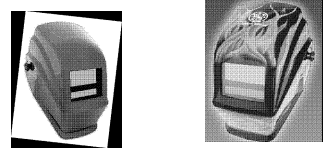

Purpose	Product	Description	Picture	Part #'s	MSRP
<b>Tie-Back ability with the Convenience of Large Rebar Hooks</b>	<b>EZ Stop II Tieback Lanyard with Rebar Hooks</b>	Additional connection options. Available in single and double leg models with ¾" standard snap hooks, 2¼" gated aluminum rebar hooks, 2½" gated flat steel rebar hooks, and 2 3/16" gated steel carabiners. Gives greater versatility in the field allowing users to climb with large hooks and tie-off around a structure with a floating D-ring.		1241124 (w/large aluminum snap hook); 1241219 (w/large aluminum rebar hooks)	
<b>Eliminates Need for a Second Anchor</b>	<b>Shockwave2 Tieback</b>	All the features of Shockwave expansion and retraction with the ability to tieback into the leg itself. Eliminates the need for a separate anchor reducing inventory and cost. Each lanyard comes with a new ANSI approved standard snap hook at one end and a carabiner at the other end rated for 5000lbs in every direction including the gate		1244650 (Single Leg); 1244675 (Double Leg)	\$96.00 \$166.00
<b>Tool Bags that fit on your Harness</b>	<b>Tool Bags - 11 pocket and 15 pocket styles</b>	Tool Bags provide more versatility while on the job. Made of ballistic nylon and an abrasion resistant PVC reinforced base gives them extreme durability.		9504066 (11 pocket)	\$51.50
<b>Stands up to corrosive environments</b>	<b>ExoFit™ Stainless Steel Harnesses</b>	The durability and comfort of ExoFit™ A complete offering of stainless steel hardware including quick connect buckles, d-rings, and adjustors give longevity to product in damp corrosive environments. Industry first stainless steel quick connect buckles make putting on a harness fast and easy giving it memory fit.		1111425 (S); 1111426 (M); 1111427 (L), 1111428 (XL)	\$260.50
<b>A True Fall Arrest Rated Rescue Suspension Harness</b>	<b>ExoFit XP Rescue Suspension Harness</b>	Innovative design brings rope access positioning to the ultimate comfort full body harness. Includes both the chest and waist D-ring attachment points. Ideal for use with rescue ascender during rope access. Quick connect buckles, I-Safe enabled.		1111550 (S); 1111551 (M); 1111552(L); 1111553(XL)	\$305.00
<b>Full Fall Arrest protection without penetrating a flat roof</b>	<b>Freestanding Counterweight Anchor</b>	The freestanding counterweight anchor provides a tie-off point for personnel performing work on flat roofs or structures. The anchor is fall arrest rated and can be used as a single anchor point system. After set-up, simply attach your shock absorbing lanyard, self retracting lifeline or rope grab and lifeline and you are ready to go.		7255000	\$2,200.00
<b>Lightweight Yet Durable SRL</b>	<b>Rebel CT 15Ft Cable SRL</b>	This compact, lightweight and durable self retracting lifeline is ideal for demanding worksites. Increases worker comfort and reduces fatigue compared to heavier SRLs. 15 ft galvanized cable, 3,600 lb gated swiveling snap hook, swiveling anchorage loop		AD115B	\$210.50

Purpose	Product	Description	Picture	Part #'s	MSRP
<b>Simple &amp; Safe Disposable Roof Anchor</b>	<b>Knock Down Disposable Roof Anchor</b>	Ultimate Protection and Safety. A simple and safe residential and light commercial construction solution. Unique design provides a fall protection anchor during initial construction, and can simply be "knocked-down" and shingled over when the job is complete.		2103680	
<b>Worlds First Retractable Horizontal Lifeline. Increases productivity!</b>	<b>EZ Line Retractable Horizontal Lifeline System</b>	User friendly. The fastest horizontal lifeline system to install, remove, store on the market today. Offers continuous protection-after installation, user is able to attach to the cable lifeline with their fall arrest system and begin work, fully protected. <i>Entire system stores in an easy to carry case - No more coils of unmanageable cable.</i>		7605060	
<b>Protection of loads up to 660 lbs!</b>	<b>Protecta JRG Load Arrestor</b>	This product is considered a "small series" load arrestor and is able to provide independent protection that will arrest the fall of a load up to 660 lbs (300kg) in the event of the primary system failing.		AD312/300	\$885.00
<b>Quick and Safe rescue for worker who falls while connected to a cable SRL</b>	<b>Rollgliss® Self Retracting Lifeline Rescue Device</b>	Designed to rescue a person that has fallen while using a Cable SRL. Utilizing either the anchoring chain or anchoring cable grab, it can be anchored to a separate structure, around the SRL housing, or in-line with the SRL cable. Once anchored, it takes seconds to complete the installation and begin the rescue. Ideal for use on jobsites where rescue personnel may not be readily available.		3604100	
<b>Arc Flash Fall Protection in a convenient travel package.</b>	<b>Arc Flash Kit</b>	Perfect for workers in any industry where high voltage electricity is in the work environment. Includes a 1110751 Delta™ II Arc Flash Harness designed to meet the specific needs of the utility industry, 1220861 EZ Stop II 6ft lanyard that meets Arc Flash Standard ASTM F887-05, and handy 9511597 carrying bag for easy transportation and storage.		1150054	
<b>Shockwave2 lanyard that meets Arc Flash Standard</b>	<b>ShockWave2™ Nomex/Kevlar Arc Flash Shock Absorbing Lanyard</b>	Similar Models: 1224611: with choker web loop at one end (for web loop harnesses) 1224612: with aluminum hook (2-1/4" opening) at one end 1224613: with flat steel hook (2-1/4" opening) at one end 1224630: 100% version with self locking snap hooks (3/4" opening) at both ends		Several Styles listed	
<b>Roof Anchor designed for both wood &amp; Steel</b>	<b>Roof Anchor for Wood and Metal Decking</b>	Have jobsite flexibility with this roof anchor. Attaches to both wood and steel. Fasten to metal decking with or without a purlin or structure directly underneath. For wood it must be fastened through the decking into a truss or structural member. Accommodates a 30 ft or 50 ft UltraLok SRL (sold separately). Rotates 360 deg for total protection.		2105683	

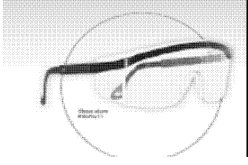

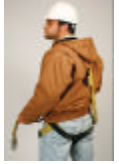

Purpose	Product	Description	Picture	Part #'s	MSRP
<b>Safety Link to reduce forced on entangled person</b>	<b>Tension Limiter</b>	Connects in-line between person being raised and winch line to act as a safety link with a high visibility yellow line deploys under load. Has up to 30 ft. of line . Device automatically resets itself after load has been removed. Portable, lightweight and durable.		5900177	
<b>Fall Protection Made Simple</b>	<b>FlexGuard Portable Guardrail Stanchion</b>	This system acts as a barrier that prevents personnel from falling to lower levels, thus eliminating the fall hazard. Used properly, systems like this protect the greatest number of employees with little or no training, no special maintenance and no special gear.		7901000	
<b>Cotton Work Vest Harness</b>	<b>Delta II Harness and Work vest</b>	Allows the user to don their harness like a vest, saving time and adding productivity throughout the day. Lightweight, breathable and extremely durable. Available in Vis.		As shown: Blue Vest #1111576, Hi Viz Orange #1111580, and Hi Viz Yellow #1111584	
<b>I-Safe - Reduce time of inspecting and recording inspections</b>	<b>I-Safe - Exclusive to DBI-Sala</b>	Using Radio Frequency Identification (RFID) technology, I-Safe provides quick access to inspection, inventory and information. Inspection feature allows user to access predetermined questions to inspect & record the inspection through the use of a hand-held PC. The system is paperless and reduces the time of inspecting and recording inspections.		9000038	
<b>Ladder Assisted Rescue</b>	<b>Rollgliss® Synthetic Rescue Ladder</b>	Designed to provide a means of assisted rescue after a fall has occurred. It can be anchored to a structure and dropped down to the victim's level to climb to safety. Provides a means of rescue for victims who are not unconscious. The ladder's simplicity and versatility make it ideal for almost any application.		8516294	
<b>Lightweight Portable Rescue Davit System</b>	<b>Rescue Davit System</b>	Extremely lightweight and portable. Designed with user in mind. System consists of two pieces: a base and winch/davit arm. Ideal for confined space entry, retrieval and rescue.		8302500	
<b>Make all existing Equipment I-Safe capable!</b>	<b>i-Safe™ Retrofit Tag Family</b>	i-Safe retrofit tags bring the i-Safe Intelligent Safety System to any product imaginable including fall protection made by other manufacturers. It is the ultimate selling advantage for safety products currently available and brings added value to your sales proposition.
